

HOSPITAL MANAGEMENT SOFTWARE

"Zivaan HMIS"
***Run, Grow & Transform
Your Healthcare Business***

CREATOR OF INNOVATIVE HEALTHCARE SOFTWARE

Most healthcare software systems rely on outdated client server technologies accessible only from network connected desktop computers installed on premises.

ZIVAAN fundamentally changes how you manage your Hospital / Nursing Home / Clinic / Pathology / Diagnostics / Pharmacy.

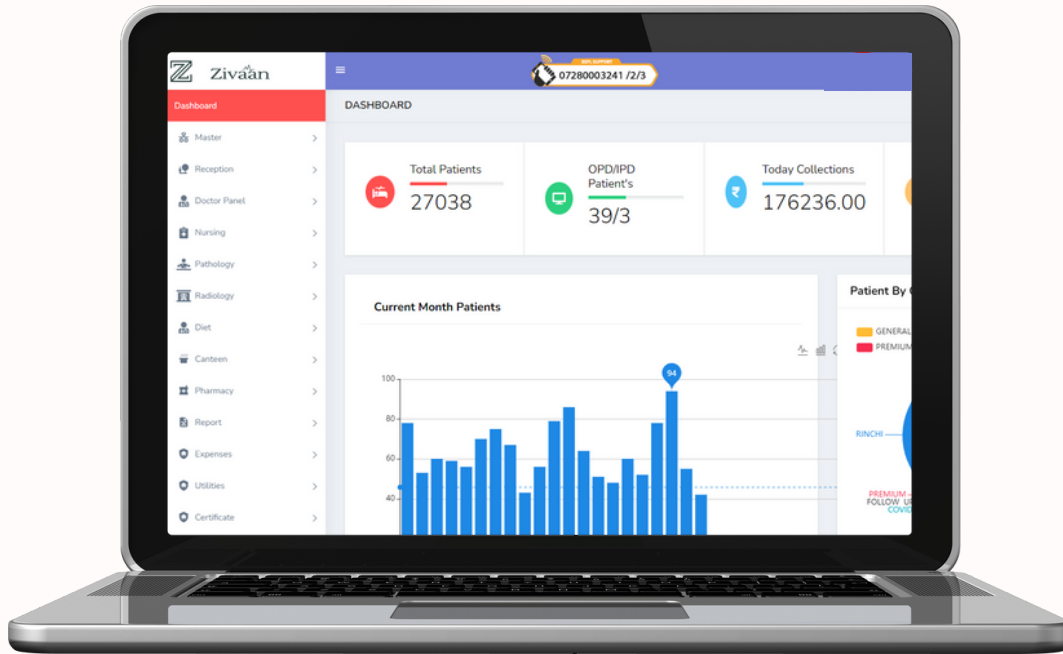

With ZIVAAN, you get a fully integrated healthcare management suite delivered on a cloud based platform providing you a robust, secure and available solution for your needs

ZIVAAN CORE MODULE

This system also provides complete assistance in patient management. In this system, there is a facility to register patients and view their reports and history. The hospital management system allows getting detailed information on the patient's health conditions.
